

Lucrari publicate in reviste cotate BDI

-2009-

1. Balan D., Israel-Roming, F., Luță G., Gherghina, E., 2009, Assesment of oxidases activities in different parts of cereals. *Lucrări Stiințifice U.S.A.M.V.B., seria B – LIII*, p. 703-707
2. Danaila-Guidea S., Niculita P., Chiru N., Rosu A., 2009, Micromultiplication research regarding potato production from four Romanian varieties suitable for sustainable agriculture - 2nd International Symposium on New Researches in Biotechnology, *Lucrări Științifice Seria F, vol.XIV, Biotehnologii, USAMV Bucharest*
3. Geicu, M., Popa, M., Mitelut, A., Niculita, P., Cramariuc, R., 2009, Study of color evolution during shelf life of apple puree treated with pulsed electric field, in *Proceedings of the 2nd International Symposium “New Research in Biotechnology” Serie F, Bucharest, ISSN 1224-7774, pag.212-218;*
4. Ghiduruș, M., Mitelut, A., Turtoi, M., Popa, M., Niculiță, P., 2009, Comparative study regarding nitrate retention in some leafy and rooty vegetables, in *Proceedings of the 2nd International Symposium “New Research in Biotechnology” Serie F, Special Volume, Bucharest, ISSN 1224-7774, 2009, pag.379-384;*
5. Jurcoane, F., Radoi-Matei, T., Radu, P., Stelian, A., Vintiloiu, C., Diguta, 2009, Hydrolysis of agricultural biomass by combined pretreatment and enzymatic methods in order to produce biofuels (ethanol, biogas), *Scientific Papers Zoo technology and Biotechnologies, Timisoara, vol.42/2009*
6. Livadariu O., Babeanu N., Popa O., Ionescu – Malancus I., 2009 – Study Regarding *In Vitro* Propagation Through Somatic Embryogenesis in *Beta vulgaris* L., *Bul. USAMV Cluj Napoca, Animal Sciences and Biotechnologies, Vol. 66 (1-2)/2009, p. 368-373*
7. Ionescu-Malancus I., Livadariu O., Niculita P., Manole T., Babeanu N., Popa O., Margarit G., Petrescu E., 2009 - Preliminary Study Regarding *In Vitro* Morphogenesis on *Mentha columna* L., *Bul. USAMV Cluj Napoca, Veterinary medicine, Vol. 66 (2)/2009, p. 376-38*
8. Mitelut, A., Geicu, M., Popa, M., Niculita, P., Cramariuc, R., Vatuiu, I., Vatuiu, D., Popescu, M., 2009, Colour changes in minced pork meat inoculated with *Pseudomonas aeruginosa* and treated by ohmic heating, in *Proceedings of the 2nd International Symposium “New Research in Biotechnology” Serie F, Bucharest, ISSN 1224-7774, pag.390-397;*

9. Popa, M., 2009, Valorization of biodegradable materials using biotechnology in Proceedings of the 2nd International Symposium “New Research in Biotechnology” Serie F, Special Volume, Bucharest, ISSN 1224-7774, 2009, pag.244-249
10. Popa, M., Stan, V., Mitelut, A., 2009, Applications of biodegradable materials in agriculture, in Proceedings of "ARCALIA 2009": Tehnologii si echipamente pentru evaluarea si protectia mediului. Mediul - probleme fundamentale, Cluj Napoca 2010, ISSN 1584-673, Cod CNCISIS 697/2006, pag 203- 213
11. Popa,G., Brezeanu,A., Cornea,C.P., Boe,J.P., 2009, Peroxidase activity in *Eustoma grandiflorum* plants transformed by *A.rhizogenes*, Romanian J.Biol. – Plant Biol., vol.54, nr.1., p.41-46
12. Sterian, A., Geicu, M., Popa, M., 2009, An overview of analyzing methods used in establishing food traceability, in Proceedings of the 2nd International Symposium “New Research in Biotechnology” Serie F, Special Volume, Bucharest, ISSN 1224-7774, 2009, pag.336-343;
13. Tcacenco,L., M.Eremia, E.Berteanu, I.Lupescu, 2009, Efectori afini pentru purificarea partiala a proteinelor vegetale potentiali inhibitori serin-proteazici, Sesiunea stiintifica anuala a INDSB 17-18 dec 2009 ISSN 1584-0158 Vol VII, nr. 1-4, p. 55-60
14. Turtoi, M., Ghidurus, M., Niculiță, P., Popa, M., Case study regarding milk quality and safety, in Proceedings of the 2nd International Symposium “New Research in Biotechnology” Serie F, Special Volume, Bucharest, ISSN 1224-7774, 2009, pag.344-363
15. Vamanu,E, 2009, Studies regarding the production of probiotic biomass from *Lactobacillus plantarum* strains, Archiva Zootechnica, 12, 4, 92-101.
16. Vamanu,E. A.Vamanu, D.Smarandache, O.Popa, N.Băbeanu, S.Nită, F.Marin, G.Danciu, 2009, The influence of carbon source and of the conditions for fermentation on the production of exopolysaccharides, Bulletin UASVM Animal Science and Biotechnologies, 66, 1-2, 413-418
17. Varga M., Visan L. -Utilizing the monofactorial variance analysis to determine how temperature is influencing the mycelia growth rate - Proceedings of the International Symposium on New Researches in Biotechnology, Bucharest, 2009, ISSN 1224-7774, p.430-437
18. Vasile G., Artimon M., Pele M., Israel-Roming F., Iordache O., 2009, Determination of Lead and Cadmium from Apples Using Electrothermal Atomic Absorption Spectrometry, Lucrări științifice U.Ș.A.M.V.B., Seria B, vol. LIII
